

Consent Form for BTP in any department other than Chemical Engineering

Student Name & Roll code: Sanidhya Prakash Singh  
20CN10055

Student signature:

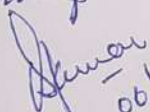

Host Department: Rajendra Mishra School of Engineering Entrepreneurship

Project Title: Development of Hazmat Suit with full protection  
against hazardous material and circulation of cool  
air

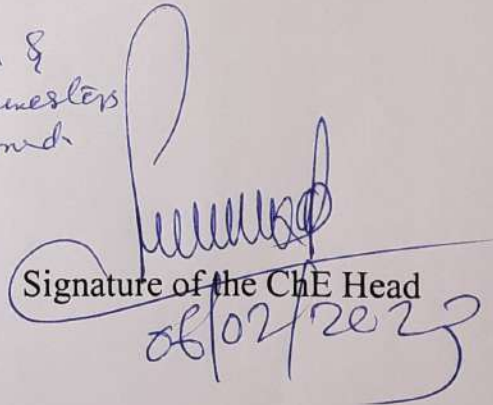

Supervisor's name & signature:

  
Prof. Manoj Kumar Mondal

It is likely that such projects of Innovation &  
Entrepreneurship will continue more than 2 semesters  
till startups are formed.

  
06/02/23

Signature of the Head of host department

  
Signature of the ChE Head

06/02/2023

It may be noted that the evaluation of the BTP work will be undertaken by the host department (outside ChE). There is one supervisor component of the assessment, and a board evaluation by a panel comprising of at least TWO faculty members excluding the supervisor, to be arranged by the host department.

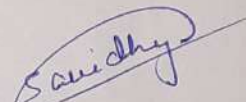

I am agreeable to provide a project for BTP to  
Sanidhya Prakash Singh and guide for the same  
during the academic year 2023-24.

  
MANOJ K. MONDAL  
RMS6EE

### Undertaking by the student:

- (1) I acknowledge that the project topic is mutually agreed by me and the host supervisor.
- (2) Change of project supervisor is not encouraged and will not be permitted without genuine reasons / valid concerns strictly. This will need the approval from the previously allotted supervisor and Head of the department, ChE.
- (3) I am aware that any change of BTP to an equivalent course-work after the allotment is generally not permitted and may only be allowed in exceptional / extra-ordinary circumstances. This will need the feedback and consent of the previously allotted supervisor.
- (4) BTP-2 will be a continuation of BTP-1, thus there will be no change of supervisor for BTP-2.
- (5) If the student is not interested in pursuing BTP-2 (in 8<sup>th</sup> semester) and wish to opt for equivalent course-work, it is the responsibility of the student to inform the host supervisor and the Faculty Adviser.
- (6) Kindly note that BTP1 is of 3 credits and BTP-2 is of 6 credits. So 2 courses need to be opted in lieu of BTP-2.
